

SCHOOLS PARTNERSHIP TUITION

At Prospero Teaching our 121Tuition in school and in partnership with schools works with one or a small group of pupils.

The pupils may require a SEN 121 Tutor on a one to one basis in and outside class who can work closely with parents/carers, teachers (requiring a briefing and follow up) and with the schools budgets.

If this is the 121tution with LEAs then we work within the pre-set 12 sessions to meet specific learning objectives and reporting. We also conduct small groups with G&T needs. Qualified teachers and experienced support staff are familiar with the process and often require specific training and skills sets in addition to the wider classroom based teaching skills.
