- Education Act 2002
- Education and Inspections Act 2006

We are aware that in accordance with the Education and Inspections Act 2006 and the DfE guidance 'Behaviour in Schools', we have the duty to set the framework of the school's 'Pupil Behaviour and Discipline' policy by providing a written statement of general principles (not practice) relating to pupil behaviour and discipline. We do this by taking into account the needs of all pupils and school personnel.

The purpose of this statement is to provide guidance for the Headteacher in devising the school's 'Pupil Behaviour and Discipline' policy by stating the principles which we expect to be followed. The policy aims to:

- underpin our duty of care to students and school personnel;
- promote teaching and learning;
- achieve high standards of attainment; and
- preserve the reputation of the school

We have worked closely with the Headteacher, school personnel, parents and pupils in order to ensure that the principles are both relevant and appropriate for the standard of behaviour that we expect.

We have a duty under the School Standards and Framework Act 1998 to have in place a behaviour policy that is annually reviewed, made available to all stakeholders and is consistent throughout the school.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

Aims

- To provide a written statement of general principles (not practice) relating to pupil behaviour and discipline.
- To ensure compliance with all relevant legislation connected to this written statement.

General Principles

We expect the Headteacher, when writing the 'Pupil Behaviour and Discipline' policy, to include the following principles:

- To promote good behaviour by creating a happy caring school environment where everyone feels valued, respected, safe, secure and free from all forms of anti-social behaviour.
- To ensure school personnel consistently apply the 'Pupil Behaviour and Discipline' policy and maintain regular classroom routines.
- To encourage pupils to achieve in a learning environment where self-discipline is promoted and good behaviour is the norm.
- To ensure any form of low-level misbehaviour during lessons is not accepted as we want pupils to achieve their full potential in a happy, stimulating and ordered school environment.
- To have high expectations of pupils' behaviour and conduct; this must be applied consistently and fairly.
- To ensure pupils have a positive attitude to their education; are committed to their learning; know how to study; are resilient to setbacks; take pride in their achievements; attendance and punctuality is good.
- To ensure relationships between pupils and school personnel reflects a positive and respectful culture.
- To ensure school personnel and pupils have created a school environment where all forms of bullying are not tolerated.
- To ensure school personnel deal with incidents of bullying quickly and effectively and to work hard to prevent bullying from spreading.
- To strongly endorse the banning of all forms of corporal punishment.

- To support the right to use reasonable force to control or restrain pupils in order to prevent personal injury, damage to property or the prevention of a criminal offence being committed but not as a means of disciplining pupils.
- To have in place a calm room specifically designed to provide an alternative environment for any pupil who is upset, distressed or acting in an unsafe manner.
- To ensure all parents are aware of our 'legal powers to use parenting contracts, parenting orders or penalty notices to address poor attendance and behaviour in school.'
- To ensure parents are aware that they have a duty to ensure their children are well behaved and attend school regularly as 'good behaviour and attendance are essential to children's educational prospects'.
- To ensure the Headteacher and authorised school personnel have the statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that a pupil may have a prohibited item.
- To be an inclusive school where all members of the school community are free from all forms of discrimination.
- To have in place clear concise school rules which are understood by everyone and are applied consistently and fairly by school personnel
- To ensure each class annually discusses and agrees a class charter which outlines pupil's rights and responsibilities and the expected standards of behaviour.
- To have in place a range of clearly defined rewards and sanctions that encourage good behaviour and are applied consistently and fairly by school personnel.
- To ensure pupil exclusions are only used as a last resort.
- To consider disciplinary action against pupils who have found to have made malicious accusations against school personnel.
- To have in place a 'Home-School Agreement' that outlines the responsibilities of pupils, parents and school personnel with respect to pupils' behaviour.
- To ensure pupils with special educational needs and disabilities and looked after children, receive behavioural support according to their need.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

We believe this policy is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.
